

RACK & STORAGE SOLUTIONS

NEW PORTABLE STACK RACKS

Standard and custom sizes available (48×48, 48×60, 48×72, 48×96, 48×120, 60×60, and more). Built for any product or application.

USED PORTABLE STACK RACKS

Wide variety of used racks in stock. Contact us for current availability.

PASSENGER & TRUCK TIRE RACKS

Designed for 60×60, 72×72, 80×80 (passenger) and 40×92, 44×92, 48×48, 48×96 (truck). Stack up to 5-high (passenger) or 4-high (truck).

TEXTILE & CARPET RACKS

Optimize space for rolls of fabric, carpet, padding, and other textile products.

WINDOW, GLASS & MILLWORK RACKS

Racks engineered for windows, doors, glass (A-Frame/L-Buck), lumber, and related millwork materials.

PLASTIC LUMBER PALLETS

- Heavy-duty, long-lasting construction
- No splinters, nails, or broken wood
- Custom sizes available
- Resistant to water, chemicals, and extreme temperatures
- Impervious to moisture, rot, insects, and fungus

GALVANIZED STILLAGES & ROLL CONTAINERS

Durable, long-lasting galvanized options for high-demand environments.

DISADVANTAGES OF FIXED RACKING

1. LOW FLEXIBILITY

Difficult to adjust or reconfigure.

2. HIGH INSTALLATION & DE-INSTALL COSTS

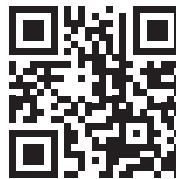

Labor, permits, and longer setup timelines increase costs.

3. LIMITED EXPANDING

Scaling storage requires major structural changes.

4. COMPLEX DESIGN REQUIREMENTS

Fixed racking often requires lengthy engineering and planning.

STACKABLE RACKS & PORTABLE STORAGE SOLUTIONS

FOR WAREHOUSES, DISTRIBUTION CENTERS, 3PL OPERATIONS, & MANUFACTURING.

OHIORACK.COM

ABOUT OHIO RACK

For nearly 40 years, Ohio Rack has manufactured high-quality portable, stackable racking systems trusted by companies across the U.S. and Europe. Our product line includes folding racks, stackable racks, stillages, steel containers, and wire baskets.

We specialize in flexible material-handling solutions that adapt to your space and workflow. Our engineering team can customize racks for irregular, oversized, or unique products—ensuring the perfect fit for your warehouse needs.

WHY CHOOSE OHIO RACK?

CUSTOM-BUILT SOLUTIONS

Over 90% of our racks are engineered to customer specifications.

HIGH DURABILITY

Every rack is designed to perform in demanding industrial environments.

ON-TIME DELIVERY

Reliable production schedules and fast lead times.

INDUSTRY-LEADING QUALITY

Recognized for workmanship and long-term performance.

EXCEPTIONAL CUSTOMER SERVICE

Our sales team guides you from concept to installation.

COMPETITIVE PRICING

Long-term customers value our consistent, affordable pricing.

We look forward to supporting your material-handling needs.

ADVANTAGES OF PORTABLE STACKING RACKS

1. HIGH FLEXIBILITY

Easily adjust and relocate racks as your layout changes.

2. SPACE-SAVING

Maximize vertical storage and free up valuable floor space.

3. LOWER COSTS

Simple structure keeps installation and maintenance costs down.

4. EASY TO EXPAND

Add or remove racks as needed for scalable storage.

5. COLLAPSIBLE DESIGN

Disassembles quickly for minimal off-season storage

6. EASY TRANSPORT & HANDLING

Designed for safe, efficient movement throughout your facility.

7. VERSATILITY

Ideal for warehouses, distribution centers, 3PL operations, and manufacturing environments.
