WIRE BASKETS AND CONTAINERS

MAXIMIZE SPACE

Efficient and affordable way to optimize storage and warehousing.

COLLAPSIBLE

Reduces both storage costs and return-transport footprint.

STACKABLE

Vertical stacking with optional stack guides for additional security.

Wire baskets are integral for warehouse storage and in-house material handling applications. Robotic welding manufacturing ensures maximum strength, reliability and structural rigidity. Industrial wire baskets are galvanized for a strong finish that will not rust or wear. Collapsible wire baskets are capable of stacking 13 high when baskets are collapsed or 5 high when fully loaded, saving valuable space in the warehouse.

COLLAPSIBLE WIRE BASKETS WITH 1/2 DROP DOOR

Standard and Custom Sizes Available.

40 X 32 X 34.5 (28" CLEAR HEIGHT)

WC-4032S

40 X 32 X 34.5 (30" CLEAR HEIGHT)
